## Effort To Calm Furore

### Truman Said to Consider Letter To be Sent to Marine League

WASHINGTON, Sept. 6.—(P)—President Truman today apologized for his criticism of the Marine Corps.

In a personal letter to to Gen. Clifton B. Gates, commandant of the Marine Corps, Mr. Truman said:

"I sincerely regret the unfortunate choice of language which I used in my letter of Aug. 29 to Congressman McDonald concerning the Marine Corps."

WASHINGTON, Sept. 6.—(P)—President Truman is considering sending a letter to the Marine Corps in an effort to stem the furore and bitterness arising from his cracks about the Marine Corps.

It was learned today that Mr. Truman is disturbed by the reaction to his assertions that the Marines are the "Navy's police force" and have "a propaganda machine that is almost equal to Stalin's."

He conferred at length about it with members of the White House staff this morning.

Protests were pouring in to his office over his statement, made in a letter to a congressman who had suggested that the Marines have representation on the armed forces joint chiefs of staff.

It was learned that the White House meeting discussed the advisability of a letter. Some of Mr. Truman's staff urged a blanket apology to the Marines.

The Marine Corps League opened its annual meeting in Washington today. Rank and file members were hopping mad at Mr. Truman. Some talked of throwing him out of membership in the league.

But national officers were trying to hush the whole thing up.

For "Closed Issue"

However, the league's resolutions committee rushed through a formal demand that Mr. Truman "retract his untrue statement" and planned to lay it before the convention this afternoon.

The chairman of the committee, Harvey Helman of Endicott, N. Y., predicted overwhelming approval of by what he described as "peevish and disgruntled" members.

National Commandant Clay Nixon had said some members were so angry that they wanted to throw Mr. Truman out of their organization. But Helman said the resolutions committee considered no expulsion proposal.

Nixon said a resolution had been proposed to "throw the president out of the league, and things of that sort," but that he would try to quash anything along that line.

As commander-in-chief of the armed forces, the president is a member of the league.

(AP correspondent Bill Ross, who is with the U. S. Marines in Korea, sent a dispatch saying Marines there were stunned, angry and profane to learn of Mr. Truman's remarks, but that none would be quoted by name.

(They presumably got their word of the president's statement through war correspondents and the army's service newspaper Stars and Stripes.)

Messages came to the Marine League convention from ex-Marines and others around the country. Mostly, they were harshly critical of the president. One likened his remarks to "the mouthing of an idiot."

But one from the Baton Rouge, La., detachment, instructed its convention delegate to take the position that in a time of crisis inter-service rivalries are not to be indulged in and "retaliation against any uncalculated criticism of the Marine Corps x x x would be detrimental to our ultimate victory."

By Elton C. Fay

The president chose an odd time to write to a Republican congressman chiding a service around which has grown something akin to legend.

It came in an election year, on the eve of a convention of the Marine Corps League, in the midst of a war in which the Marines are fighting. Also, the letter followed closely on a series of incidents which had showed up sharp division between White House thinking and that by some

## Trooper Allman Goes to Clinton

State Trooper Wayne W. Allman, 606 South Lamine avenue, has been ordered transferred from the Sedalia area of Troop A of the highway patrol to the Clinton area of the troop effective September 15. Trooper Allman takes the place of John Rick, who had been stationed at Clinton for a number of years, and has been appointed to sergeant and assigned to Troop I at Rolla.

Trooper W. W. Allman

Mrs. Allman and their two children, Gary and George left Sedalia early this morning for Clinton and are moving into their new home which was purchased by Trooper Allman the first of the week. Their new home is located at 304 Truman Road in Clinton.

Trooper Allman entered the state patrol on July 1, 1946 in the patrol school and upon completion of his studies was made a trooper and assigned to the Sedalia area on August 20, 1948. He has been in Sedalia since his first assignment.

Trooper and Mrs. Allman in telling of their new assignment, both said they have many friends in Sedalia who they will miss while Trooper Allman said he enjoyed working in the Sedalia area.

Sedalia still has two state troopers stationed here, Sergeant William S. Barton and Trooper Peter H. Stohr.

## Former KDRO Engineer Is Shot In Hand

### James Cornwall Is Taken To The Bothwell Hospital

James Cornwall, 1009 East Sixth street, formerly an engineer at radio station KDRO, was shot in the left hand in front of the radio station on West Broadway at 2:45 o'clock this afternoon.

Everett Jones, 409 East Seventh street, a friend of Cornwall and also a former engineer at KDRO, aided the wounded man. He took him to the police station to report the shooting, and the police took Cornwall to the Bothwell hospital for treatment.

The shooting occurred after an altercation with a radio station employee.

Station KDRO is being picketed as a result of differences over union matters. Cornwall and Jones were not on picket duty at the time of the shooting.

Prosecuting Attorney William F. Brown, late this afternoon said he had prepared a warrant charging Malcom Wilson, an employee of KDRO, with assault with intent to do bodily harm.

## Orientation at Smith-Cotton Friday

The annual orientation day will be held at Smith-Cotton high school Friday afternoon at 2:00 o'clock to acquaint all eighth graders and other new students at the school with room locations, assembly procedures and customs of the school.

All new students to the high school are asked to register before Monday. This does not include eighth graders.

## Note to U. N. On The Plane Shot Down

### Malik Offers it Stating it Was on a Training Flight

LAKE SUCCESS, Sept. 6.—(P)—Russia's Jakob A. Malik today handed the United Nations a note saying the Soviet plane shot down off Korea Sept. 4 was an aircraft on a training flight.

The note apparently was either similar to or the same as one broadcast earlier over Moscow radio.

It was handed to Britain's Sir Gladwin Jebb, September president of the council and to secretary-general Trygve Lie. The text was in Russian and was not immediately made public.

Jebb said, however, he had heard a quick translation and it sounded like the note, which Moscow radio said had been addressed to the United States government. The Moscow broadcast said U. S. ambassador Alan G. Kirk had refused to accept the note on the grounds it was a United Nations matter.

The United States reported to the U. N. early yesterday that a U. N. air patrol had shot down a twin-engine bomber, bearing a red star, after the bomber had opened fire. The report also said a destroyer had picked up the body of a Soviet lieutenant where the plane crashed into the sea.

Three Pilots Died LONDON, Sept. 6.—(P)—Soviet Russia declared today a plane shot down by United Nations forces Monday was a Soviet craft on a training flight and that it was attacked without cause.

The Moscow radio, broadcasting a note to the United States, declared three Russian pilots died in the destroyed plane. Moscow said its plane carried "neither bombing nor torpedo armament."

"The Soviet government lays on the United States government all the responsibility for the criminal

• Thought for Today

Then I commanded mirth, because a man hath no better thing under the sun, than to eat, and to drink, and to be merry; for that shall abide with him of his labour the days of his life, which God giveth him under the sun.—Ecclesiastes 8:15.

## Casualties 8,863 To Americans

WASHINGTON, Sept. 6.—(P)—The defense department said today that 8,863 American casualties in the Korean war had been reported to the next of kin through September 1.

This was an increase of nearly 2,000 over the 6,886 reported for the period ended August 25.

The latest summary showed 599 listed as killed in action, 5,366 wounded, of whom 83 have since died, and 2,898, missing in action.

Of those killed in action, 465 were in the army, nine in the navy, 97 in the marine corps and 28 in the air force.

The number of wounded in each service, and the number who died of wounds, follows: Army, 4,861, of whom 69 died; Navy, 14, of whom one died; Marines, 482, of whom 12 died; Air Force, 9, of whom one died.

The report showed 2,898 missing in action. Ninety-four others who had previously reported as missing had returned to United Nations units before the totals were compiled. Of these still listed as missing, 2,714 are Army, 5 Navy, 10 Marine Corps and 43 Air Force.

The figures do not reflect all the casualties suffered because of the time required to receive reports from the war front and to notify relatives.

## Sedalians at Charter Meet

### New Bloomfield Lions Club is Now Organized

Chartering of Missouri's 200th Lions club was held, Tuesday night at Jefferson City, for the new club organized at New Bloomfield, which was sponsored by the Capital City Lions with the Fulton Lions club. Melvin Jones, Chicago, Ill., founder of Lions International, was the principal speaker at the affair and presented the charter to President Felix Lyles of the new club.

Mr. Jones who is secretary-general of Lions, in his talk, told of how Lions was founded and of the steady growth of the organization which now has more than 420,000 members in 29 countries.

Following the presentation of the charter, Mr. Jones was presented funds from various Lions clubs in Missouri to be used in the building of Lions International City, 27 miles from Chicago. The Sedalia club presented a sizeable check representing individual contributions of local Lions.

Address By Lt. Gov. Blair

Lieutenant Governor James Blair gave the address of welcome representing Governor Forest Smith, who is out of the state.

Ronnie F. Greenwell, Hayti, international director of Lions, introduced Mr. Jones. Director Greenwell gave a short talk on Lionism in Missouri.

During the dinner Hugh Fleming, a member of Fred Warnings orchestra chorus sang several numbers. He is the son of Leslie Fleming of the New Bloomfield club.

Dr. B. Smith Reed, a past governor, presided over the meeting.

Sedalians who were present were: Kenneth A. Buchholz, president of the local club; Harold Seaberg, vice-president; E. A. Smith, secretary; Fred A. Kueck, Jr., Mr. and Mrs. R. B. Warren, District Governor and Mrs. D. Kelly Scruton.

In the afternoon the Missouri Council of Governors of Lions held a meeting at the Missouri hotel over which District Governor Scruton, chairman of the council, presided.

The state convention of 1951 dates were announced for May 20-22 at St. Louis.

President Heads Legion Delegates

KANSAS CITY, Sept. 6.—(P)—President Truman heads a slate of delegates to the national convention named by the Missouri department of the American Legion at its annual state convention here.

The national convention will be at Los Angeles Oct. 9-12.

Other members of the delegation:

Senator James P. Kem, Gen. Omar Bradley, Maj. Gen. Harry Vaughan, Ben P. Manheimer, St. Louis, former department commander, Charles L. Bacon, Marshall, who yesterday was elected department commander; Orval Loomis, Rockport, elected senior vice-commander; John Jeffries, Hannibal; Sheridan Small, Springfield; Albin Deberry, Marshall; and Dexter Perry, Independence.

Dies After Brain Operation

KANSAS CITY, Sept. 6.—(P)—Fred Lawrence Haden, 13, son of Mr. and Mrs. Morley Haden, Ozark, Mo., died last night at Children's Mercy hospital. He underwent a brain operation yesterday.

## Battered Body Found Near Truck

WILLIAMSBURG, Mo., Sept. 6.—The battered body of a truck driver was found last night covered with weeds near his wrecked truck on a country road two miles south of here. A blood stained hammer was nearby.

The highway patrol identified the slain man as W. A. Strickland, about 35 of Dallas. He was a driver for the Grace Machinery company of Dallas.

Strickland left Kansas City at 8:30 Monday morning with a load of machinery for Granite City, Ill. His truck was last seen Monday night when it turned off highway 40 onto the country road. Discovery of the body followed an anonymous telephone tip to the patrol.

Strickland was reported to be carrying \$125 cash and three signed checks for \$75 each but the money and his billfold were missing.

## Appointments Were Made at Council Meet

### Two Men are Added To the Sanitation Department Staff

The Sedalia city council met Tuesday night in the city hall with all but two of the councilmen present and Mayor Herb E. Studer presiding. The regular meeting was Monday night, but due to the Labor Day holiday the session was set up one day.

John Vandekamp, Fourth ward alderman, who has been on an extended vacation in Europe was present at Tuesday night's meeting.

Following the routine of reading the minutes etc., the council awarded a contract for the construction of sewer district 71 to the Atkinson Construction company.

District 71 runs approximately 1,000 feet east from Limit avenue on Eighteenth street to just west of Beacon, thence south to Twentieth street; also 250 feet north from Eighteenth street on Warren avenue. The contract calls for the expenditure of approximately \$3,500 and can vary in accordance with the amount of rock encountered in removing dirt for the sewer.

Kansas planes scoured a similar Oklahoma to Kansas City path Tuesday, he said, then widened their search area to 40 miles. But his rescue squadron's twin-engine amphibian—an SA-16 from Lowry, Denver—was turned back in the afternoon by weather over Oklahoma in its attempt to scan the Route from Wichita to Amarillo.

Kansas planes in the air today included an air National Guard plane and four CAP planes from Wichita; three Hutchinson CAP planes; and two CAP planes from Topeka.

## Wreckage is Sighted of Downed Plane

### Air Search for the Hands is Narrowed To Texas and Okla.

WICHITA, Kas., Sept. 6.—(P)—A report that plane wreckage had been sighted near Pampa turned a three-state air search to the northeast Texas Panhandle late Tuesday.

Missing are Mr. and Mrs. Crawford Hand, Kansas City, who took off in a light plane at Amarillo the night of Aug. 13. Hand is a lumber jobber at Kansas City, their reported destination.

Headquarters Comments

At search headquarters here, 1st Lt. M. H. Murphy of Lowry Field, Denver, said "I'm trying to get civil air patrol planes into the sighting area from Texas and Okla."

He said an air force pilot told CAP headquarters in Oklahoma City he sighted the wreckage two weeks ago—"but thought nothing of it until he heard of our search today."

An 800-foot ceiling at Amarillo, he said, indicated weather conditions are hampering any follow up on the report.

20 Mile Path

Earlier Lt. Murphy had reported results "negative." He said five Oklahoma pilots were checking a Texas to Kansas path 20 miles wide.

Ten Kansas planes scoured a similar Oklahoma to Kansas City path Tuesday, he said, then widened their search area to 40 miles.

But his rescue squadron's twin-engine amphibian—an SA-16 from Lowry, Denver—was turned back in the afternoon by weather over Oklahoma in its attempt to scan the Route from Wichita to Amarillo.

# 'Vets' Again At The Front In Korean War

By Don Whitehead

WITH U.S. 2TH REGIMENT, Korea —(P)—Combat is a cruel test of endurance, courage, and sanity which no man should be called on to endure more than once in his lifetime—and even that is too much. But many veterans of World War II are facing the test again in Korea.

Most of them went into the last war as youths—fresh from high school or the college campus. Somewhere between Pearl Harbor and the end of the war they lost that youth. They were young-old men.

When peace came they found they had learned a trade that had no market at home. The only employer who placed any value on ability to kill the enemy was the Army which had trained them. And so they stayed in the Army.

These are the men who form the real backbone of the American Army fighting to hold off the North Korean Reds until a United Nations powerhouse is assembled behind them. They hold the key spots in companies and battalions and regiments and divisions—these young-old men of World War II.

As examples there are Capt. Earl W. Buchanan of Newport, Vt., and Maj. Harry K. Hauge of Lexington, Ky.

Buchanan is a lean, thin-faced man who smiles quickly even when his face is drawn with weariness and his eyes are red from lack of sleep. He fought with the 45th Infantry Division in Sicily, through the rugged mountains of Italy and across southern France—19 long months of combat.

## Escaped From Prison

Then one day at Strasbourg on the Rhine a piece of shrapnel from a German tank shell slapped him on the head. He woke up to find himself a prisoner in a German aid station.

The Germans took Buchanan into Russia to a prison camp and then into Poland. He escaped from prison just before storm troopers forced one group of Americans to make a winter march. It was a march of death for many of them too ill and weak to stand the hardships.

But Buchanan escaped to the Russians and he made his way home through Odessa months after his capture.

Harry Hauge is more ruggedly built than Buchanan. But in his face there is that same taut, drawn look of the fighting man. Before he took up the trade of the soldier, Hauge was known throughout the south as a half-back for the University of Kentucky football team.

For three years—1938 to 1941—Hauge played in the Kentucky backfield on Saturday afternoons and lived the life of a big man on the campus.

But in '41 he joined the Army and they sent him to Europe to fight with the 78th Division. After the war in Europe, Hauge believed like many of us that he had done all the fighting that was needed. He looked forward to a comfortable peacetime life with the Army.

But Harry Hauge is fighting again. The day I saw him his battalion was in the "bowling alley"—the valley down which the Reds were trying to fight their way to Taegu.

There is nothing unusual about the story of Buchanan and Hauge. There are scores of others like

them who are welding this Army into a fighting machine.

But it's the Buchanans and the Hagues who have given this Army the hard inner core of experience which will mean the difference between victory and defeat. The young-old men of World War II are carrying a cruel burden—but they carry it well.

## Brothers Killed In Traffic Accident

BLUEFIELD, W. Va., Sept. 6—(P)—An angry crowd of 50 tracked down the driver of a pickup truck after an accident in which two teen-age brothers were killed Tuesday.

Deputy Sheriff Herbert Humphreys said Charles Hurt, from nearby Kimball, W. Va., admitted after four hours of questioning early today that he lost control of the truck when "cigarette ashes blew in my eyes."

Humphreys said he would charge Hurt with manslaughter and leaving the scene of an accident.

A careening pickup hit a motorcycle on which Curtis Davis, 17, and Earl Davis, 16, were riding to football practice at the local high school.

Hurt was thrown clear when the truck overturned and walked away. The spontaneous posse found him two hours later.

## \$5,000 Damage Suit Filed In Circuit Clerk's Office

A damage suit was filed in the Circuit Court today by Herman Dietl against Marvin Howard and Olin Howard owners of the local Yellow Cab Co.

Dietl alleges that he sustained injuries in a wreck the night of June 3, 1950 at the corner of Broadway and Osage avenue which kept him from working and that he had a considerable doctor bill. He also alleges that the cab driver was driving in a careless and negligent manner exceeding the speed limit.

Dietl ask \$5,000 judgement. His attorney is Chester L. Wolfe.

## for Saving Money!

You're in for a real "double feature" when you OIL-PLATE your engine with new Conoco Super Motor Oil: (1) new-car gasoline mileage . . . (2) new-car power and performance.

**Proved by 50,000-Mile Road Test!** In a 50,000-mile road test, engines lubricated with Conoco Super Motor Oil showed amazing economy of operation. Average gasoline mileage for the last 5,000 miles of the test-run was 99.77% as good as for the first 5,000 miles. This means that—with proper crankcase drains and regular care—Conoco Super Motor Oil can keep new-car gasoline mileage year after year!

# Thinking of the Long Pull?

# Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and

through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive\* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

\*Standard on ROADMASTER, optional at extra cost on SUPRA and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

## Appointments Were Made at Council Meet

(Continued From Page One)

was given by councilman Ellsworth, who said that the final coat of sealcoat had been given the lot and the work on it was now completed.

### Questions on Lights

Councilman Summers told the council that the occupants along Park and Stewart avenues on Tenth street had asked about street lights in that neighborhood and Councilman Lashley brought to the attention of the council that this erection of lights was a part of a projected plan.

Councilman Ellsworth brought before the council a request that the gas main on Nineteenth street be continued to Twentieth street on Washington avenue.

The name of Ted Gardner, 628 East Twelfth street, was presented to the council by Alderman John Vandekamp for the police force. The mayor then told the council that he had not been notified that there was a vacancy on the force. Chief of Police Edgar Neighbors, who was in the audience, told the Mayor that he had used every means possible to bring this fact to the attention of city officials.

The council then accepted the nomination and Gardner was admitted to the police roster.

### Council Accepts Duwon

George Duwon's name was submitted by the mayor for a position on the fire department and the nomination was passed by the council.

Promotions to two firemen, Rudolph Swope and Leo Huffman, were made and they were given the positions of drivers.

Continuations of sixty days were given in the contracts of the Lippert Construction Co., which are on contracts six and seven and to the Hastings and Styles Construction Co. for their plans. One continuation on the contract of the Schell Construction Co. was rejected and the company will pay liquidation damages.

A trustee deed for two city lots was purchased by Harry Walch for \$150.00.

These lots are the third and fourth lots west of Gentry avenue on the north side of Fifth street.

Chief of Police Edgar Neighbors told the council that the ordinance which they had passed at the last meeting concerning the parking of trucks over one and one half tons had been enforced only with warning tickets, but that the police force would now take a direct action on the ordinance.

### General Discussions

At this time a small delegation

## P. F. C. Club is Entertained

Mr. and Mrs. J. L. Hiltnerberg, Tower Road street, entertained members of the La Monte Progressive Farmers Club and a few additional guests recently at their home.

Those present were Mr. and Mrs. George Lewis, of Knob Noster, Mr. and Mrs. George Landis, Mr. and Mrs. Fred Weikel and son Kenneth and Mr. and Mrs. Charles Brown, all members of the club. Other guests were Mr. and Mrs. Lowell Reavis and son, Bobby, of La Monte; Mr. and Mrs. Dale Kimble and son, Larry, of Lebanon, Mr. and Mrs. R. L. Weinrich and Mr. and Mrs. D. O. Potter, all of Sedalia.

A number of the members of the club were unable to attend because of the busy season.

Mrs. Hiltnerberg served a plate lunch.

of truck drivers and owners appeared before the council to make a complaint on the passed ordinance. They were told by councilman Reed and the mayor why the action was necessary and why the ordinance must be enforced.

A discussion arose among the councilmen as to the bus service on the East Twenty-fourth street line. Fred Wesner as a representative of the Bus Co. told the councilmen that the streets over which this line ran were in a deplorable condition and that the buses could not even get both wheels on the pavement in some places on Twenty-fourth street. City Engineer Jas. I. Collins was instructed to scarify the streets today and the Bus company was to be notified that the streets would be in better condition.

The Mayor said that if the buses were not running by Friday and streets were in good condition the council would take legal action to see that something was done.

The interest bonds on the public sewers were burned by councilmen Ellsworth and Harry Moore. Councilman Moore announced that the city street sweeper was in an irreparable condition and that the city needed a new one. The mayor said that at the present time it was impossible to purchase a new one.

A liquor license was issued to the Reed Drug Company.

Two final appointments were made when the council appointed Charles Harlan as the sanitation helper and Nathan Brown as the sanitation mechanic.

An extra policeman was also appointed by the council and Herman Hoehns, 1301 South Lamine avenue was named to this position.

## Council of PTA Plans Its Work

The executive committee of the Pettis county council of P. T. A. met recently and made plans for the year's work. The theme chosen for the year was "Good Citizenship Begins in the Family."

The committee chairmen named were: Mrs. Terry file, program; Mrs. Roy Alexander, hospitality; Mrs. Walter Alexander, membership; Mrs. Al Schriener, finance and budget; Mrs. W. D. Williams, publicity, and Mrs. Fred Staley, congress publications.

The first regular meeting of the council will be held Tuesday, September 12th, at the Epworth Methodist church beginning at 10:00 o'clock in the morning. A covered dish luncheon will be served at the noon hour. During the afternoon the school of instruction will be held. The presidents of all the units of the P. T. A. and their committee chairmen are expected to attend this meeting.

### Fail to Open Safe

#### In a Burglary

Thieves broke into the Sedalia Packing Co., 700 West Main street, sometime early this morning, but failed to obtain anything of value. A combination dial was knocked from a safe, but it remained unopened.

The thieves in entering the inside office knocked a door handle from a door.

Entrance to the place was made through a rear door of the building.

## Marines Send Raw Young Reservists Into Battle

By Drew Pearson

WASHINGTON Sept. 6 — In the desperate effort to rush more ground troops to Korea, the Marine Corps has assigned green, half-trained high school boys to combat units due to go into battle the minute they land.

While this unfortunate practice has not been widespread, it has happened so often that senators have called for an explanation. Nebraska's GOP Senator Wherry, among others, recently told how a 19-year-old marine reservist was being shipped off to Korea.

"He has received no training except the two weeks, or whatever it is, in the summer-time," explained Wherry. "Yet he has been assigned to a combat unit which will go immediately into battle."

"Would he get any training between here and overseas?" the Nebraska senator inquired of South Dakota's Senator Chan Gurney, who often speaks for the brass hats.

"Perhaps he would get it very quickly at the front," suggested Gurney helplessly.

"Does not the senator think that the more training a soldier receives, the greater will be his chances that he will not become a casualty?" broke in Pennsylvania's Senator Ed Martin, an ex-major general who once commanded the 28th division.

"Certainly," agreed Gurney. "But . . . we are up against it now when we must put boys into front-line service too soon."

"I know some chaps who have had only two weeks of training last year and two weeks of training this summer," said Senator Ed Thye of Minnesota, "and they are getting ready to go overseas in a marine division."

NOTE — As a general practice, marines are not supposed to be shipped overseas without at least four months' training. In the present confusion, it appears that green reservists have been mixed up with the battle-seasoned veterans.

### Shrouded States

Attorney General Howard McGrath, once a senator from Rhode Island, strolled up to his old haunts in the capitol and stared inquiringly at the white shrouds draped over the statues outside the senate chamber during its repairs.

"What's happened since I left here, Harley?" the attorney general asked of West Virginia's Senator Kilgore. "Has the Ku Klux Klan taken over?"

### Quiet Cabinet Member

Oscar Chapman has now been secretary of the interior nine months, during which he has been so unostentatious that the newspaper-reading public might not have known he was in office. During those nine months, however, Chapman has put across more in his quiet way than dozens of others.

Back in the days of Nebraska's George Norris, headlines flared over the public vs. private power controversy. And only last year, another bitter reclamation debate for a time prevented reclamation commissioner Mike Strauss from drawing his salary.

But last month, though obscured by war news, Secretary Chapman quietly reversed the big utility lobby in the Senate and won out on the crux of the power debate — whether the government shall have the right to distribute power from its own dams, or shall turn the power over to private companies to be distributed.

Two interesting things are behind this story. One is the efficiency of Oscar Chapman, who learned how to operate while training under crusading Harold Ickes. The other is the fact that the big utilities have now placed many of their friends on the Senate appropriations committee, such as McCarran of Nevada, Thomas of Oklahoma, Bridges of New Hampshire and McClellan of Arkansas.

### Big Utilities Lose

Knowing that the Senate committee was stacked against him, Chapman put up no battle when pro-utility senators hashed up his reclamation appropriations and threw out every cent of the money by which the government was to build power lines. In fact, Chapman was so complacent that some people thought he had tossed in the sponge.

Very quietly, however, he went over to see Congressman Clarence Cannon of Missouri, chairman of the House appropriations committee, in whose district, long before, Chapman had helped build farm cooperative power lines through the Rural Electrification Administration. "Clarence," said Chapman, "the power companies are trying to cut our appropriations."

"The hell they are," exclaimed the gentleman from Missouri. "I'll see to that. Just make me out a list of the appropriations they are trying to cut out."

Chapman prepared the list. And when the joint conference between the House and Senate met to iron out appropriation differences, Congressman Cannon pulled Chapman's list out of his pocket. Without identifying the author, he announced:

"We can save time, gentleman, by skipping the following items."

He read the list of transmission lines which the private utilities had persuaded the Senate to eliminate. "I'm not even going to discuss these items. Therefore we can pass on to something else."

Sen. Pat McCarran immediately hit the ceiling.

ing. A staunch utility booster, he fussed, fumed and argued. But Cannon stood pat. Finally McCarran exploded. Going to the door he turned and said:

"Good-bye, sir, and I'll see you in hell!"

"You may be there," replied Cannon coolly, "but you won't see me."

In the end, Chapman won every appropriation he asked for, including such controversial transmission lines, which the Senate at first vetoed, as the Havre-Shelby line at Fort Peck, Mont.; the Canyon Ferry-Great Falls line on the Missouri Basin project; the Brighton-Bush power line on the Colorado-Big Thompson project.

### Mailbag

L. D. M., Johnstown, Pa. — Only the big five — China, France, Britain, the U. S., and the USSR — can veto decisions of the security council. The chairmanship of the council rotates monthly, in alphabetical order — last month the USSR, this month the United Kingdom and in October the USA. . . . There are 11 nations on the security council. The big five are permanent members, and six non-permanent members are elected by the general assembly from among themselves for a term of two years. . . . Present non-permanent members are Cuba, Ecuador, India, Yugoslavia, Norway and Egypt. . . . The veto cannot be exercised on procedural matters, only where action is contemplated. . . . Though small nations control 6 of 11 seats in the security council, the U. N. charter says that 7 of 11 votes constitutes a majority. Thus, even on procedural questions, one big power must vote with the smaller nations to give the latter a majority.

## Election Campaign Theme: Second Guessing on Korea

By Bruce Blossat

If you think you've already read too much about the Korean war, just wait. Election campaigns are shaping up, and the war is sure to be the chief topic in the platform haranguing to come.

Domestic issues will be strictly in the afterthought category this fall. Even the candidates for sheriff will stress Korea in some sections. Maybe that's inevitable when a war is called a police action.

Anyhow, that's how it's going to be. For the next two months this country is going to have more foreign affairs experts than any 20 nations would need. They'll all be out to prove either that they were right about Korea or that, if they were wrong, the mistake was unavoidable.

By mid-October most of us will probably wish Korea was the rarely mentioned name of a rare plant disease. But actually, this impending political debate is useful and necessary.

There should be no argument about our resolve to prosecute the Korean war determinedly to a victorious end. But there ought to be plenty of talk about how we got into this mess.

Republicans, being on the outside looking in, have a strategic advantage in this debate. They may properly point to the Democrats as the principal makers of the policies that have led us to Korea. The GOP will be on the offensive and the Democrats on the defensive.

Why were we so unprepared militarily? Why did we allow Russia to conclude, as she must have, that she could win a cheap and easy triumph in Korea? Why did we do so little to halt the deterioration of our general position in Asia? These are the sort of questions the Republicans can rightly pose.

On the other hand, the Democrats may argue with some success that the GOP contributed to our Far Eastern failures. Republican voices sang loudly in the great clamor for the quick disbanding of our armed forces when World War II ended. That disbanding meant a power vacuum into which the Soviet Union rushed.

GOP lawmakers often have stubbornly resisted funds for foreign economic and military aid designed to stiffen the foes of communism. As recently as this January they helped engineer a delay in money for Korea itself.

And then it can't be overlooked that whatever the responsibility of our two leading parties for the weaknesses revealed in Korea, the Kremlin also had a hand in Asiatic matters. Even had both Republicans and Democrats behaved with extreme wisdom, we might have had trouble. We can influence Stalin, but we can't control him.

In the heat of political battle, the debate may sound highly inconclusive. But when the smoke has cleared, we may find that out of the welter of words has come a more definite fixing of responsibility for Korea. The information will stand us in good stead the next time we pick a president.

## Doin' What Comes Unnaturally

There was a great to-do down in Houston, Tex., when a pretty young elevator operator at City Hall complained that a middle-aged City Councilman kissed her while he was riding in her elevator. The furor seems to have been caused by the fact he was not campaigning for office at the time.

II Cor. 10:5; Luke 2:35; Heb. 4:12; Jer. 4:14

### WHEN THE MIND WANDERS

We have seen that we tie ourselves up if we try to live other people's lives for them. A mother did not want her daughter to be married—she was self-centered, wanted the attention of her daughter. The daughter waited 'till she was thirty-one before she married. The mother fainted at the wedding. Through her self-pity she developed all sorts of diseases. But her husband developed cancer of the colon. In fighting for him and attending to him she forgot herself and became a well woman, and is well today. She shifted the basis of her relationships with others from self-interest to other-interest, and righted the relationships—and herself.

In prayer let God show you the places where you have tensions. You will be as touchy as a boil as He puts His fingers on them.

If God in the silence brings up nothing, then take it for granted there is nothing. Now you are ready for positive communion. But another difficulty arises. When you begin to enter into positive communion, your mind wanders. This greatly distresses some people. It shouldn't. Suppose the mind does wander; then let the thing to which it wanders be the medium through which you commune with God. For instance, as I was writing this line I looked up and saw a white pigeon through the window, and my mind began to wander, repeating to itself these lines:

"Every morning, her white thought did beat to God-ward. Like a carrier dove, my name beneath its wing." Suppose my mind did wander—in the end it wandered to God. Then say: "Oh, that I might be warned by an even louder siren of the danger that besets torpid and careless souls!" Make the distraction into a direction—to God. Ride even on the wings of the storm—to God.

After a while you will be able to bring every thought into captivity to the obedience of Christ. For as you more and more obey Him, He will become more and more the center of your affection; and "where your treasure is, there will your heart be also."

Beautiful, strong Son of God, Thou art becoming more and more my treasure. More and more I cannot think apart from Thee, love apart from Thee, be apart from Thee. Thou hast me. And now, where my treasure is, there my heart is also. I am at rest, at peace, at power. Amen.

(EDITOR'S NOTE: Here's the tenth of a question-and-answer series which tells how the Korean war affects reservists, veterans, draft-age men, and anyone likely to be called to service. The author, a member of the Washington staff of NEA Service, conducted a wide-read column on "Your GI Rights" in the months following World War II. He will answer questions only in this space, not by mail.)

WASHINGTON — (NEA) — Q. What is the maximum deferment the services will allow for men in critical occupations in essential activities? And can one deferment be renewed?

A. The first deferment will be

for six months. The second one can't be for longer than another six months. It will be tougher to get a second one than the first.

Q. I haven't used any of my veterans benefits which I collected during World War II. If I am called back to active duty will that time apply to my benefits which are determined by length of service?

A. No. Q. My son went into the service six months ago. He took out a \$10,000 GI insurance policy. Will he be able to convert that policy to an endowment policy when he gets out?

A. Not unless the law is changed. At present if he gets out he has to drop his policy. But there is sentiment in Congress to permit veterans of the Korean conflict to keep their insurance.

Q. If I get called up to active duty what are my chances of being sent to Korea?

A. Excellent. Forces being sent to the Orient have first call on men being called to active duty.

Q. Are reservists being deferred on the basis of the number of children they have? Last week my wife had triplets. What will they do about me? I think I'm about to be called up.

A. The services aren't giving deferments on the basis of dependency claims alone. However, they are considering special hardship

Ought To "Polish Up"  
Her Traffic Manners!  
Spent most of yesterday over at the Court House. "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.  
"Women drive just as good as men do," Tiny said, "and just as bad. For instance—a girl in a convertible today. She started a three-block tie-up all by herself.  
"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about something. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail polish!"  
From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

## Demand Holds Meat Prices up

Large Supply on The Hoof in Feed Lots And Pastures

By Sam Dawson

NEW YORK, Sept. 6—(AP)—Because more people have jobs than ever before, and because the wages of many workers are going up, you'll probably pay more for meat this fall and winter than you did last year.

This is a reversal of earlier promises, which had held out hopes of a big drop in meat prices this fall.

There's lots of meat running around in the pastures or stoking up in the feedlots, and great quantities will move to market between now and Christmas.

But more Americans are going to have more dollars in their pockets.

And the appetite for meat moves in close unison with the amount of money around. So that the big jump in the supply of meat which the government has been promising you in the coming months is going to run right into a big jump in demand.

And the price won't come down as much as you had been promised, and maybe very little at all—almost surely, it won't drop as low as last winter.

**Fighters Heavy Consumers**  
The Bureau of Agricultural Economics lays the blame on the war in Korea. It gave an initial shove to civilian industrial production. Still ahead are the defense programs which are expected to put even more people to work, increase purchasing power even more by spring. "Demand for meat can be expected to increase accordingly," says the bureau.

And if the armed forces grow to three million, a lot of meat will leave the civilian markets, for fighting men eat more than factory workers.

Employment in August hit the highest mark in history, the Commerce Department reports. Standing at 62,367,000, it topped the previous high of July, 1948, by 750,000. People at work eat more, and are willing to spend more.

The gain came in factory employment.

The Bureau of Agricultural Economics predicts more cattle will be slaughtered this month

and next than in the same period last year. But heavy demand will keep prices fairly high, and later in the year the outlook is for "steady or possibly slowly rising prices."

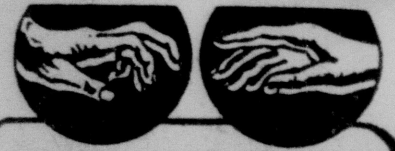

Pork eaters may have it better. More hogs are expected to go to market than last fall and a seasonal 18 to 20 per cent drop in prices by the end of the year is foreseen. However, if defense spending keeps pork demand high, the bureau says, hog prices will stay above the 1949 level.

Higher lamb prices last year are predicted this fall because fewer of them will go to market this year than last.

Livestock prices as a whole moved up sharply after the Korean outbreak, but are still 10 per cent under their peak of two years ago.

## PROVE FREE

**RHEUMATISM PAINS**  
Relieved in Few Minutes

It is now easy to aid rheumatism and arthritic and neuritic pains. The test will cost you nothing. So why suffer another day from the agony of this painful ailment when you can secure MUSCLE-RUB, the new preparation that not only relieves the pains of rheumatism but also lumbago, muscle soreness, sprains, as well as the less serious lameness of muscles and joints? It is no longer necessary to dose the system with internal medicine. The entire MUSCLE-RUB treatment is a simple liquid, applied directly to the limbs, shoulders, neck, face or back—wherever the trouble is.

We urge only that you make this test. Use one-half the bottle, and if you are not amazed and delighted with the results, return the remaining half to your druggist and he will refund your money. Price only \$1.25. Large economy size \$2.25. Buy it today.

**Bangs Disease**

A plan for the official recognition of vaccination of calves as an aid in cooperative Bang's Disease control was presented December 5, 1949, in Chicago by Dr. John R. Mohler, Chief of the Federal Bureau of Animal Industry, in an address before the U. S. Livestock Sanitary Association. The plan is based on the encouraging results obtained in recent years from vaccination of calves against the disease under farm conditions, as well as at experimental stations. Recent experiments, as well as field operations of veterinarians have indicated that calves from 4 to 8 months of age can be successfully immunized. By vaccinating at this age, calves are immunized prior to the most susceptible period which is thought to be at puberty. Experiments also indicate that when calves are vaccinated at 4 to 8 months old they will usually give a negative reaction to the agglutination test, in from 3 to 6 months, while older animals may carry the reaction over a longer period. Undoubtedly, the practice of immunizing all heifer calves that are to be added to the cow herd will give the owner the best protection against abortion losses, and at the same time be entirely practical.

## Effort To Calm Furor

(Continued From Page One)

The president's comment about marine "propaganda" was contained in his answer to a request by Rep. McDonough (R-Calif) for equal representation of the marine corps in the joint chiefs of staff.

In turning down that idea, the president said "The marine corps is the navy's police force and as long as I am president that is what it will remain." He added, however, "Nobody desires to belittle the efforts of the marine corps x x x x."

The marine corps retained an official and discreet silence, not shared in other capital quarters.

Senator Aiken (R-Vt) labeled the letter "indiscreet, incorrect and uncalled for." Senator Thye (R-Minn) called it "shocking" and "incredible"; to Senator Hick-enlooper (R-Iowa) it was "astounding-insulting." Senator Kefauver (D-Tenn) said it was a "very unthoughtful letter."

A measure of defense of the president came from Senator Douglas (D-Ill), a marine corps officer in World War II. Douglas said he disagreed with virtually everything in the letter, but he said he is sure it did not represent Mr. Truman's "real judgment."

"Once in a while boners are made," Douglas observed.

If uniformed members of the marine corps felt constrained, marine veterans and friends of the marine corps did not.

Clay Nixon, commandant of the league, said a presidential retraction was in order, that the president had vilified and insulted the marines and damaged the spirit of marines fighting in Korea.

The Marine Corps Reserve Officers Association issued a three-page statement about what it called the president's "monumental misunderstanding."

### Marines Are Stunned

By Bill Ross

WITH U. S. MARINES IN KOREA, Sept. 6.—(P)—Battle-weary and begrimed marines were stunned, confused and profane when told today of President Truman's remark that they have a "Stalin-like propaganda machine."

"Did he say that?" queried a

marine sergeant who has been on the Korean frontline 32 days. The sergeant happened to be a veteran of World War Two Pacific fighting and a squad leader on the battle for "No-Name Ridge" in the Nakdong river bulge two weeks ago.

"He should have been up some of those damn Korean ridges with us," put in an enlisted leatherneck. "Maybe they were just propaganda too."

Most marine officers were reluctant to comment on the presidential letter. The officers took the position that a spirited vocal outburst on their part might put a crimp in their relationship with other American fighting forces in Korea.

One field officer, asked for his views, replied:

"I think it is very unfair to ask me to comment on such an unfair statement."

## Suits in Claims On Salaries

Two suits have been filed in Circuit Court against Chief of Police Ed. Neighbors, one by John Neitzert the other by George Maness, both discharged police officers, for alleged unpaid salaries for five months. Neitzert seeks \$700 at the rate \$140 and Maness wants \$900 at a rate of \$180 a month.

Both men were relieved of their duties the latter part of November 1948 by Chief Neighbors "for the best interest of the police department." Both had previously filed suits against the City of Sedalia for salaries which they alleged were due them.

In the previous suit Melvin Shoemaker, who also was relieved of his duties as a police officer, participated. Judgment was rendered in these suits and settlement made by the City of Sedalia.

Bogutski and Bamberg are the attorneys for the plaintiffs.

## Note to U. N. On The Plane Shot Down

(Continued From Page One)

action of the American military authorities," foreign minister Andrei Y. Vishinsky asserted. Vishinsky's note was a reply to a United States charge, brought before the U. N., that a twin-engine Russian bomber fired on a United Nations fighter patrol off Korea and then was shot down by the patrol in returning the fire. The body of a Soviet lieutenant was found in the plane, the U. S. charged.

The Moscow broadcast said U. S. ambassador Alan G. Kirk refused to accept the Soviet note, insisting the question must be "examined in the United Nations, and not by the United States government." The broadcast added that foreign minister Vishinsky "pointed out to Mr. Kirk the complete groundlessness" of such reasoning.

Vishinsky insisted the incident "is in no way related to the military operations in Korea." He contended that "since the Soviet plane was shot down by American fighters, the responsibility for their actions lies exclusively with the American military authorities." The Soviet note warned of "serious" consequences of such incidents.

The U. S. said the incident took place off the west coast of Korea near the 38th parallel. The Russian reply said the plane was en route to a Soviet base 87 miles off the shores of Korea.

Moscow said two other planes on the same flight provided "eye-witnesses to the attack." It added that the Soviet twin-engine plane fell burning into the sea.

Moscow said the plane was flying "from Port Arthur to the area of Hai-Yun-Tao island, part of the frontiers of Port Arthur naval base and situated 140 kilometers (about 87 miles) from the shores of Korea." The island is approximately on the 39th parallel midway between Korea and Port Arthur.

## Yongchon Retaken by Allies as Some Lost Ground Regained

(Continued From Page One)

American gains west of Yongchon, 32 miles south of Taegu, cost the Reds 2,035 dead and wounded in the 24-hour period ended at noon Wednesday. General MacArthur reported the Red losses in his war summary.

A U. S. 8th army communique Wednesday night reported that Allied forces fighting eastward of Yongchon and northward of Kyongju "were halting the Communist exploitation of his breakthrough south of Kyigye."

Correspondent Erickson in Taegu said Allied aerial observers were unable to tell how far north of Yongchon the main Red forces were. But pilots reported they did not see any significant Communist troops in that area.

Wipe Out Road Block South Korean forces backed by American air power wiped out a Red road block near Yongchon. It had held up supplies to the South Koreans north and east of the city for several hours.

Allied forces appeared to have firm control of the highway from Kyongju northward for 12 miles to the junction of the Potang-Angang road. Both sides had the road junction under artillery fire.

The U. S. 8th army communique reported South Koreans stopped a Communist regiment about a mile south of Angang. This town was taken by the Reds at the start of their drive southward Tuesday.

Pilots reported Pohang burning furiously but said the airfield six miles south of the city was still in Allied hands.

British troops, including the kilted "Ladies From Hell" Scots, one of Britain's most famous fighting units, got their baptism of fire Tuesday night in repelling Red patrols eight miles southwest of Taegu. The British, from Hong Kong, took over the left flank of the U. S. First Cavalry division.

## Is Happy on Anniversary

Thirty-three years ago today Mr. and Mrs. F. L. Miller, 1426 South Carver avenue, were married and started on their honeymoon. Mrs. Miller, who had just married a railroad man, thought life was going to be one big honeymoon with continuous train rides. But, today, she knows better. Mrs. Miller said, life is still train rides to her husband, who is a conductor on the M. K. T., while she finds that there are many hum-drum housekeeping duties, such as washing on her 33rd wedding anniversary, that must be done to keep her home.

While hubby goes out to earn his pay check riding trains he hangs out the wash at home. However, as she thought of it over the soapsuds this morning as not quite the way to celebrate a wedding anniversary, she was just glad that they had had 33 happy years together, and she isn't even sorry that the honeymoon didn't last forever.

## Mrs. Dumas Lions Speaker

Mrs. Jollie S. Dumas, St. Louis, was the principal speaker at the Sedalia Lions club at the noon-day meeting Wednesday. Mrs. Dumas demonstrated the new Keystone Telebinocular machine recently purchased by the Sedalia Lions club for the Sedalia public schools to be used in testing the eyes of all students in the school system here.

The machine will be used by Mrs. John Murrell, school nurse for the Sedalia schools. It replaces an old method, which was unsatisfactory in the testing of the eyes of students.

Mrs. Dumas explained the equipment just received is the latest developed and will be a great help in searching out the children who had a visual handicap. One of the members of the club participated in the demonstration.

Also present at the meeting was Mrs. Leola Parker, Kansas City, of the United Productions Co., which will produce a home talent chautauqua in Sedalia. The dates are to be set.

Also a guest was Harold Gryder, Kansas City of George James. The cradle song was sung to Joe Ruddick in honor of his son born recently. Mr. Ruddick passed out cigars to the members.

President Kenneth A. Buchholz presided and gave a report on the charter night of the new Bloomfield club at Jefferson City Tuesday night.

Application Filed For a Guardian

Henry C. Salveter, attorney for the late Miss Agnes Quinn, who died suddenly Sunday, today filed an application in probate court for the appointment of a guardian for Miss Quinn's sister, Mrs. R. L. Anderson, who is seriously ill and has been for months in the Bothwell hospital.

Property of Miss Quinn and Mrs. Anderson was held jointly, therefore all goes to Mrs. Anderson as Miss Quinn's sole heir.

The application, upon agreement of St. Louis and local relatives, asks the court to name J. E. Hurley guardian.

### AP NEWSFEATURES—

#### Cripple Gets Around

SANTA ANA, Calif. —(P)—The atomic age doesn't impress Michael Finnegan. A crippled ex-sailor, Mike has pushed the three-wheeled cart on which he rides across the continent three or four times and down to Mexico twice. He lost one leg, the use of the other and one hand when the ship on which he was a stoker was torpedoed in the first World war. But Mike says he has pushed as far as 25 miles in one day.

It is estimated that most of the 7,532,000 acres of privately owned range land in Utah is covered with sagebrush.

### Falls From Window; Bites Tongue

DENVER —(P)—Gloria Suazo, 14 months old, bit her tongue the hard way.

The baby's older brother and sister were playing with her on a bed near an open window of a second-floor bedroom. When they left her for a moment, she rolled out the window, bounced off the back porch roof and fell to the sidewalk.

Hospital doctors looked Gloria over carefully. All they could find was a bitten tongue.

During the first six months of 1949, police recovered 93 per cent of the motor vehicles stolen in the United States, says the Encyclopedia Americana.

## At Last! It's Now Possible to RELIEVE THE CAUSE of YOUR NEURITIS ACHES and PAINS

When Due to Vitamin B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron Deficiencies  
**HADACOL—One of the Greatest Blessings of the Times!**

### A Big Improvement Is Often Noticed Within a Few Days' Time!

We are delighted to tell the readers of this paper about the wonderful new HADACOL which is bringing radiant hope to such sufferers. Because now you no longer have to go on taking products which bring you symptomatic relief from cruel, stabbing neuritis aches and pains, when the REAL CAUSE is that your system is deficient in the important Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin.

Now, thanks to this wonderful new HADACOL, you can relieve the REAL CAUSE of these miserable aches and pains—when due to such deficiencies.

### How HADACOL Works

HADACOL supplies deficient systems not only with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—elements so vital to maintain physical fitness and guard against such deficiency sickness.

Be fair to yourself. Be fair to your family. Why continue to suffer so and drag yourself around when relief is as close at hand as your nearest drugstore? Start taking this great HADACOL today. It's inexpensive—costs only a small amount a day.

And one of the many wonderful advantages of HADACOL is that continued use helps give you continuous complete relief and helps keep such miserable aches and pains from returning. Trial-size bottle, only \$1.25. Large family or hospital size, \$3.50.

### These Are Just a Few of Thousands of Records of Folks Who Once Had Such Deficiencies

**Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio:**  
"Before I started HADACOL, I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible aches and pains. Then I heard about HADACOL from a very good friend of mine. After the second bottle the aches and pains were about gone. I'm just starting my fourth bottle and now I'm on top of the world. The aches and pains are completely gone. I recommend HADACOL to all my friends."

**Harry Springer, 5608 Greer Avenue, St. Louis, Missouri:**  
"I had neuritis pains for quite some time and tried expensive treatments but continued to suffer. Then I read about HADACOL in the newspaper and I bought my first bottle. Within a week I felt quite a bit better. After the third bottle I had no pains or trouble at all. I was always tired and listless, but after a few bottles of HADACOL I felt like getting out and doing things. I recommend HADACOL to anyone. Right now, five of my co-workers are taking HADACOL on my recommendation."

Why not start taking HADACOL this very day. Give it a chance to relieve the REAL CAUSE of your cruel neuritis pain when due to lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin in your system. YOU OWE IT TO YOURSELF.

### Why HADACOL Comes in Special Liquid Form—Why It Reaches Every Part of Your Body

Vitamins and Minerals to be absorbed by the blood must be in soluble or emulsion form. That's why HADACOL comes in this special liquid form so that its precious elements are more easily and quickly absorbed and assimilated by the blood stream—ready to go to work at once.

HADACOL even helps build up and fortify your red blood cells (when iron is needed) to carry these precious health-building Vitamins and Minerals to every organ and part of your body—to the heart, lungs, liver and kidneys.

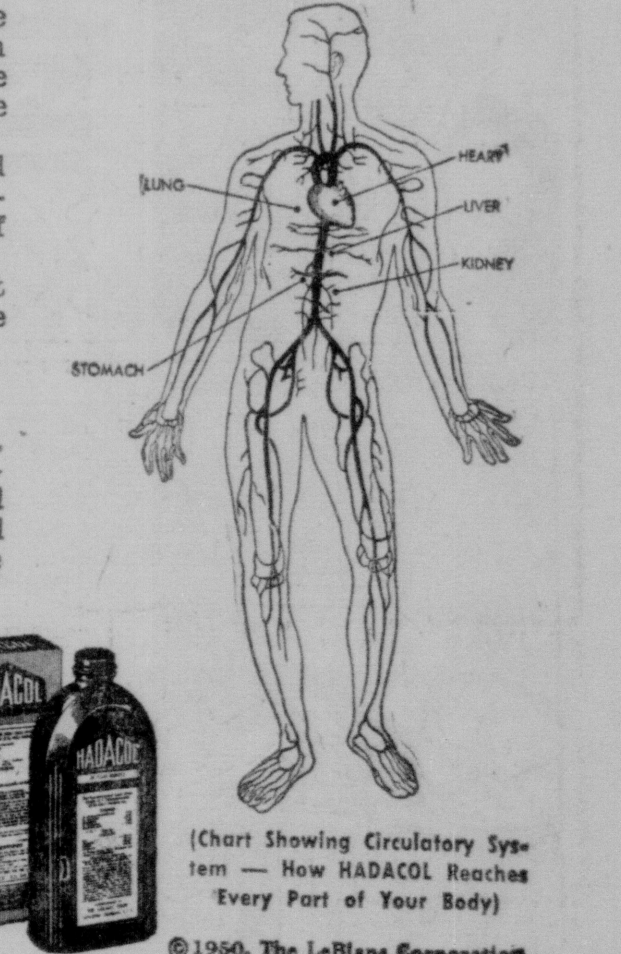

Often within a few days' time a remarkable improvement is noticed! Because remember—you are now relieving the REAL CAUSE of such deficiency aches and pains.

### Sold on a Strict Money-Back Guarantee

If after taking HADACOL for a reasonable period of time, you don't notice a great improvement in the way you feel—if you aren't experiencing fine results—your money will be refunded. Could you ask for anything fairer? You stand to gain simply wonderful benefits—and you can't lose one penny. It's your own fault if you continue to suffer so.

# Art Larsen is Tennis Champ

Southpaw Takes Nat'l Tennis Championship

FOREST HILLS, Sept. 6—(P)—A game little left-hander named Art Larsen, out of San Francisco, put on a tremendous rally Tuesday to defeat favored Herb Flam, Beverly Hills, Calif., 6-3, 4-6, 5-7, 6-4, 6-3 in the final of the National Tennis championships before 8,000 fans.

Trailing by a set at the intermission and apparently ready to be tucked away, the corn-haired scrapper from the bay region came roaring back to thrill the crowd with brilliant, all-court tennis in the final two sets and become the first southpaw champion in 20 years. Johnny Doeg, in 1930, was the last portside to win the title before Art did it today.

"Maggie" Dupont Wins  
Earlier, on the wind-swept stadium court Mrs. Margaret Osborne Dupont of Wilmington, Del., won her third straight women's singles title by subduing Doris Hart of Jacksonville, Fla., she also beat Miss Hart in the finals last year.

The final outcome of the men's division represented one of the greatest form upsets in years. Larsen was seeded only sixth among the American entrants in the championships and was only the sixth-ranking player in the country last year. Flam, the loser, was seeded No. 2 on the home list.

Larsen, 25 years old and 140 pounds of nervous energy, was playing in only his third championship since returning from the war. Pancho Gonzales knocked him out in the quarter-finals a year ago, but there was no stopping him this time.

Ken McGregor of Australia and Mrs. Dupont won the mixed doubles title, defeating Frank Sedgman of Australia and Miss Hart, 6-4, 2-6, 6-3.

## Big Leagues in Pennant Stretch

NEW YORK, Sept. 6—(P)—Major league baseball clubs girded for the pennant stretch drive and launched rebuilding programs in a series of manpower moves yesterday.

The New York Yankees obtained the veteran Johnny Hopp from the Pittsburgh Pirates after the National league clubs waived on him. In return for the first baseman-outfielder, the Yankees will send the Pirates players to be named later.

The Yankees also signed William (Moose) Skowron, Purdue football star, in a move that brought protests from the university officials. Skowron, a hard hitting infielder, goes to the Birmingham, N. Y., farm next spring.

Washington Senators bought outfielder Jack Jones from Longview of the Class C East Texas league. The price wasn't revealed.

The Cleveland Indians signed Ray Flickinger, a former baseball and basketball player at Massillon (Ohio) high school. He's a six-foot-two righthanded pitcher, who is to report to Harrisburg, Pa., of the Interstate league.

The New York Giants recalled 12 players from farm clubs with the announcement most of them won't report until next spring.

The Giants' recalled list: Pitcher George Bamberger and second baseman Bob Hofman from Oakland, (PCL); pitcher Roger Bowman from Jersey City (IL); pitcher Frank Fanovich, outfielder Pete Milne and infielders Bill Jennings and Dave Williams from Minneapolis (AA); pitcher Dick Adair, outfielder Bill Taylor and catcher Phil Tomkinson from the Sioux City, Iowa (WL) and pitcher Oswald Kolwe and first baseman Jack Harshman from Jacksonville, Fla. (SAL).

## Robinson, Cox, Hermanski, Russell Would go in the Brooklyn House Cleaning

Shotton Out, Bragan Seen In as Manager

By Harry Grayson  
NEA Sports Editor

NEW YORK—When Jackie Robinson said a one-way ticket out of Brooklyn would come as no surprise, he wasn't kidding.

From behind the Flatbush Iron Curtain is siphoned the news that the front office would also like to make deals for Billy Cox, Gene Hermanski and Jim Russell.

Pee Wee Reese is considered on the way out, if not finished, as a regular, but will be around next year.

Burt Shotton is showing signs of tiring and his replacement as manager most likely would be Robert Randall Bragan, who has been highly successful in Fort Worth.

Fred Haney, Ty Cobb's old third baseman in Detroit, who once managed the lowly Browns, is also well regarded. His Hollywood Stars league pennant and play-offs and made a lot of money.

Everett Lamar Bridges, Jr., is going to be given every opportunity to make good at shortstop next spring. Rocky Bridges—23, five foot nine, 175—was something of a wow in his second season with Montreal. He is the Eddie Stanky type "with more natural ability," the kind who improve in the majors.

Branch Rickey predicts that the versatile infielder, Bobby Morgan, will lead the National league in hitting in three years.

Robinson, Reese, Cox and Russell are 31. There is only one way they can go now—down and Mahatma Rickey was never a hand to let balplayers die on his outfit.

Outfielder Hermanski, 28, lacks life and his reflexes are dull. He never makes the unexpectedly great play.

Robinson is still a remarkable second baseman, but has lost a full step to his right.

Captain Reese is shy a step to his left, which leaves a hole down the middle.

Duke Snider has not yet learned to play a shallow center field, so fly balls drop in the middle.

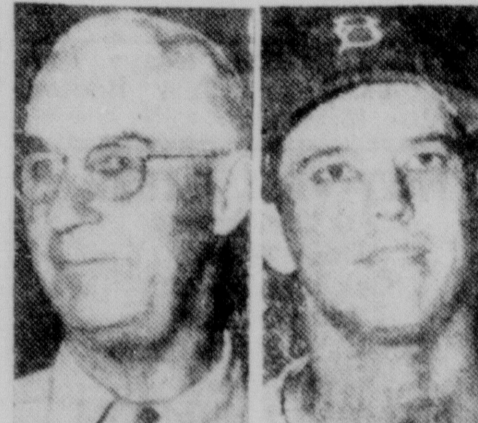

Cox is an extraordinary third baseman when fit, but doesn't hit enough to play the position, is light and frail and has to take himself out of the lineup.

Russell was a rheumatic heart patient a year ago, hasn't much farther to go as a switch-hitting part-time outfielder.

The market for Robinson, especially at \$35,000 a year, is limited. Clubs to which he would be most useful seek to rebuild with young men.

The solution may be to employ Robinson at third, with Reese spelling a young second base combination—say Bridges and Morgan.

Brooklyn is desperately in need of a Grade A starting pitcher and

Burt Shotton Bobby Bragan

another regular outfielder must be uncovered.

Bobby Bragan, 32-year-old Alabama alumnus, switched from shortstop to catching while with the Phillies, played with the Brooks before being made field marshal of the Fort Worth chain in June, 1943. The Cats capped the pennant and play-offs that term, repeated as flag-winners last trip, but were eliminated in the play-offs. They led the Texas league all the way until recently, and are fighting Beaumont for the top rung now.

It is to Professor Bragan that Branch Rickey assigns the more promising Brooklyn paeagrens. He developed Chris Van Cuyk.

Anyway, there it is—straight from the feed box.

## Junior Legion Defeated Cole Camp Sunday 3-2

The Junior American Legion baseball team of Post 16 had a close call Sunday at Cole Camp as they defeated the Cole Camp town team by a score of 3 to 2.

The Sedalia played a heads up game as they defeated a team that had several good players from Versailles and other neighboring towns of Cole Camp. Barney Barnburg, formerly of the Sedalia Cubs, was on the hill for the Benton Mountains, and allowed but five hits, fanned nine and passed two. His teammates gave him poor support as they made five errors. Jack Barnes did the hurling for the locals. He also allowed but five hits, walked two, but whiffed eleven. His teammates made one error.

The post 16 boys took an early lead as they made two markers in the first. They scored their third tally in the seventh. Cole Camp, making a last ditch stand, scored both of their runs in the last of the ninth but fell short of the game tying run.

Bob Bartlett led the Sedalia batsmen getting two safeties in four trips to the plate. Barnburg and Logan each had two hits in four trips.

## Teen-Age Blues Beat Fristoe 5-3

The Teen-Age Blues defeated Fristoe Clowns Sunday afternoon on the Housel Park diamond 5 to 3. It was the second time the Clowns have bowed to the Teen-Agers, the first being an 8-4 victory.

C. A. Smith went the route for the Blues and was in trouble only once, that being when the visitors scored two runs in one frame. Lees was on the receiving end for Smith. Brashears and Newkirk hurled for the visitors with Pos behind the plate.

Base hits were scarce, the Blues getting 5 and Fristoe 4.

Sedalia did all their scoring in the first two innings. In the first Lane led off with a single, Watson drew a walk and both scored on Fisher's double off the first baseman's knee. In the second Smith and Lane drew successive passes and then Smith scored on Watson's single to center. Fisher came through for his second double to score Lane and Watson.

Fisher led the hitting with two for three and knocked in four of the Blues five runs.

The Blues lineup consisted of Watson, second base; W. Walter, center field; J. Walter, right field; Stocum, third base; Lane, shortstop; Fisher, first base; Lees, catch; Higgins, right field; Smith, pitch. Bruce Wall was out of the lineup due to an injury received in practice Saturday afternoon.

Next Sunday the Blues will go to Warsaw to meet the Warsaw Junior Legion. At this time the team, friends of the team and families will enjoy a picnic to celebrate the successful 1950 season of the Teen-Agers.

Those planning to attend are requested to call Garnett Thomas or Bill Watson at 2167.

## America Wins Curtis Trophy

BUFFALO, N. Y., Sept. 6—(P)—America won its fifth Curtis Cup trophy over British Isles Tuesday, romping to a 7½ to 1½ victory in the 18-year-old women's international team golf matches.

It was a simple story—the lashing hands of the Americans carried them to the greens in regulation fashion as the British were short with their accurate but stiff-wristed swings.

The invaders staged a valiant, late afternoon rally, but it was on heart alone. The American lead in all but one of the day's singles matches was too great to overcome.

"Bunty" Stephens Draws  
Only Frances "Bunty" Stephens, last year's British Women's champion, was able to salvage anything from the disaster. She came from behind with two beautiful putts on the 35th and 36th holes to draw with Mrs. Mark A. Porter of Westmont, N. J., the current U. S. titlist.

The slim English girl's effort gave her team half a point to add to the one taken in yesterday's three foursome matches.

Polly Riley, the Western Amateur champion from Fort Worth, Tex., disposed of Mrs. George Valentine of Perthshire, Scotland, 7 and 6, and blonde Beverly Hanson of Fargo, N. D., unleashed her powerful woods to batter Jean Donald of North Berwick, Scotland, 6 and 5.

Other Matches  
In other matches, Dorothy Kieley of Los Angeles led Philomena Garvey, the champion of Eire from Dublin, 6 and 6, but was able to escape only with a 3 and 1 victory; Peggy Kirk of Findlay, O., went to the 36th green before she beat Jeanne Disgood of Farnham, Eng., 1-up, and Grace Lenczyk rallied from a so-so morning round to rout Elizabeth Price of Bourne-mouth, Eng., 5 and 4.

Pre-Registration For CMSC Starts Friday  
WARRENSBURG—Pre-registration activities at Central Missouri State College will begin Friday, September 8, with a 3-day freshman orientation program, to be followed by a reception and vespers service for freshmen and their parents Sunday evening.

The students will enroll Monday and Tuesday, September 11 and 12, and classes will begin Wednesday morning, September 13.

The faculty will begin a 3-day

series of meetings which will consist of planning sessions, where divisional, department and committee chairmen will outline further plans for the academic year.

VENETIAN BL

# The FORMER MISS FREY

By Edwin Rutt Copyright 1950 by NEA Service, Inc.

THE STORY: Among the guests at a party given by the wealthy Gil Summerfield in Bermuda is the former Edith Frey, now married to Peter Flood, whose star as a playright rose and set with one Broadway production. Gossip has it that Edie's elopement with Flood was never forgiven by tough old Cornelius Frey, Edie's father.

ONE fact emerged from the welter of rumor following Edie Frey's marriage to Peter Flood, according to Gil Summerfield's recollection of the event. Cornelius Frey opened neither his arms nor his house to the young couple. For a time they were seen in all of Edie's accustomed places—Bar Harbor, Nassau, Cat Cay, Palm Beach. Then, after the closing of Peter's play on Broadway, they were seen not at all.

And, apparently, Peter Flood did not live up to the glowing predictions made for him by the critics. No new plays by Peter Flood appeared on Broadway. Very little writing by Peter Flood appeared anywhere. He seemed to have winked out like a bright meteor that races across the sky and vanishes.

Three years later he and Edie took the small inconspicuous cottage at Riddle's Bay, Bermuda.

Something of all this went through Gilbert Summerfield's mind as he walked toward the glider, the brandy sniffer still in his hand.

Edie Flood lifted her eyes. And Gil saw that they were as green as ever, almost jade-green. Somehow, he thought, it was hard to reconcile Edie's calm honesty with her peculiar green eyes.

"Well, Gil," she said, and her smile brought a tinge of coral to her cheeks with the suntan, "it's a nice party. Do you always give such nice parties?"

"One tries," Gil's voice was half and half amusement and cynicism. "Lacoste as ever, aren't you, Mr. Summerfield?" Edie said. "But skipping that, this dog of yours. He's marvelous and very restful. He hasn't moved for an hour."

"Neither would I if I were in his place," Gil reached down, stroked the dog at her feet. "Liking Bermuda all right, Edie?" he asked.

Edith Flood looked at him queerly. "Liking it all right," she said.

AT this point the gentleman in the cream dinner coat murmured an excuse and drifted away. Edie made room for Gil on the glider.

"You didn't say that with any too much conviction," Gil said, his dark eyes fixed speculatively on hers.

"Listen, Gil," Edie's voice was a little sharp. "I'll like any place where Peter thinks he can work."

"Can't he work here?" "I don't know yet. We've done a lot of shifting around in the last couple of years, trying to get Peter settled. He's—well, susceptible to backgrounds."

Gil said nothing. This did not square with what he had heard about Peter Flood. From all accounts, Peter was a very direct young man who knew exactly what he wanted and where to look for it.

"So," Edie went on, "we're giving Bermuda a whirl." "Some pretty famous guy, I think it was Eugene O'Neill, said that it was a great place to live and work," Gil remarked.

Edie's green eyes gave him a look of mingled affection and disapproval. "You find it a great place to—live, eh, Gil?"

He laughed. "Don't tell me I've run afoul of a second slave-driver. Another lady friend of mine hinted that I ought to go to work, about 15 minutes ago."

"Well, she was right," Edie said seriously. "Every man ought to have a job."

With Peter was a tall girl. She had a dark predatory face and hard, bright eyes.

"And women? What should they do? Sew a fine seam?" "But definitely not. I know I'd be a darn sight happier if I had something to do. Something important."

"Can this," Gil peered at her, "be the former Miss Frey talking?" "Go ahead," said Edie pleasantly.

"Throw my past in my face. But I've changed since—since those days." Suddenly her mouth seemed to tighten. "I suppose you know all about Father and me, Gil?"

"I've heard rumors," Gil said cautiously. "Well, they're quite true. Father acted like the devil and I guess I did, too. The net of it is, I haven't seen him or any of the family for almost three years."

GIL thought of old Cornelius Frey, with his narrow chiseled face, his thin lips and pale gray eyes. He wasn't surprised to hear Edie confirm the estrangement with her father. Old Cornelius was as hard and implacable as marble. Once crossed, he would never forgive.

"I'm sorry to hear it," he said, rather inadequately. "Oh, well," Edie laughed shortly. "Fortunes of war." She curved an arm suddenly, looked at her wrist watch. "Good Heavens, I've got to take home that genius I'm married to. If he stays up half the night, he sleeps half the morning."

"That's what mornings are for. Don't go yet."

"Peter," said Edie decisively, getting up off the glider. "Can't waste his days that way. He's got a living to make. Come on and help me find him, Gil."

They found him sitting on the ground with his back against the wall of the garden. There was a drink in his hand. With him was a tall girl in a black evening dress. She had a dark predatory face and hard, bright eyes.

"Irene Van Sant," Gil told Edie. "She's dynamite."

"I've heard of her. Filthy rich, isn't she?"

"Yes." They were close now and Edie crooked a finger at her husband. "Curfew," she said smiling.

"Just when I'm beginning to enjoy myself," he said with a pouty expression. "Sorry, Pete," Edie's glance, almost apologetic, included Gil and Irene Van Sant. "But you had second-act trouble today. You'll

**"WELL, I NEVER!"**

Never Dreamed Tiny TUMS Work So Fast  
"Just imagine me eating all my favorite foods with never a sign of acid indigestion, heartburn or gas," says Aunty May "If Cousin Harry hadn't given me some Tums that time I visited him and he had bad case of sour stomach, I wouldn't believe anything could work so fast." Tums do work in record time. No mixing, no waiting—no soda to cause acid rebound. Remember, keep Tums handy—eat like candy. See if you don't have lots more fun eating favorite foods and enjoying life.
